

—WE TARGET HEALTHCARE FACILITY NEEDS—

Health Staffing International was incorporated in 1997 initially to target needs in the British Columbia home support and long-term care field. In 2000 the company launched its Nurse staffing initiative in the Greater Vancouver region.

The Nurse staffing division has now grown to encompass the widest range of nursing specialties in the sector. We are an official supplier of human resource services to the provincial government through the Health Regions. Our client base includes acute hospitals, multi-level care facilities, extended care units, private hospitals, home support agencies, alcohol and drug rehabilitation centres, group homes, mental health boarding homes, special care units, and seniors centres.

Health Staffing International's recruitment division is now the fastest growing segment of the company. In concert with this growth, we have found it necessary to develop an education and mentoring capacity to assist new immigrant nurses in adjusting to the demands, requirements, and procedures of the BC health care system.

We provide Nurse instructors to local colleges to lead groups of students in their practicum placements. We have been called upon to arrange short term vacation coverage for Nurse Managers and Directors of Care. Our Management team has also assisted facilities in altering their staffing patterns.

Health Staffing is here to minimize the stress your company faces daily. Utilizing our supplemental services will assist in preventing staffing shortages, whether short-term or long-term, while saving you time and energy.

—HIGHLY TRAINED & PROFESSIONAL WORKFORCE—

Our company provides the most highly motivated, extremely adaptable and intelligent professionals in the business.

Our staff have experience in acute hospitals, multi-level care facilities, extended care units, psychiatric programs and residential settings.

—MULTI-CULTURAL STAFF—

HSI boasts a diverse complement of staff with ties to each of the major continents of the world. We cover most language requirements to meet the needs of the diverse populations we serve.

—NURSING SUPERVISION & SUPPORT—

Our Nursing Directors offer a one-of-a-kind, two-level supervisory service: one level, for staff, is intended to prepare them for each job via orientation and providing pertinent details specific to each location. The second level, for managers, is intended to provide an open line of communication so we can provide the most comprehensive service and offer assistance if any issues are to arise.

—ADMINISTRATIVE KNOWLEDGE—

We possess unmatched knowledge of the regulatory environment, the labour relations issues, and the quality assurance requirements faced by facility and hospital administrators.

Call our 24 hour scheduling hotline anytime to fill your staffing needs at (604) 632-9199.

—SHORT & LONG TERM COVERAGE—

Call us to cover immediate staffing needs such as sick-leave or vacation coverage. Arrange with our scheduling department for coverage of longer term blocks such as maternity leaves and sabbaticals.

—TRY BEFORE YOU BUY—

We have flexible staffing options that allow hospitals to try a Nurse for a probationary period before having to make a decision on recruitment.

Our immigrant nurses undergo extensive screening before placement into the local health care system. We provide a lengthy mentorship program to assist staff in adjusting to the local systems and requirements.

—RAPID SCHEDULING RESPONSE—

Health Staffing maintains one of the most personable and advanced scheduling departments in the industry. Call our scheduling hotline to fill your staffing needs 24 hours a day, 7 days per week at (604) 632-9199.
